To give my love to you, like you want me to, that's my destiny.
that you may know, I'm so in love with you, that's my destiny.
for a moment here in time, I'm so happy you are mine, is how it's meant to be.
make you happy through the years, to kiss away your tears your thoughts will be of me.

pick you up when you fall, run to you when you call, I love you more than you can see.
I've been waiting for so long, just for you to come along, loving you'd my Destiny.
To see you smile, and hold you, for a while, means more to me than you can know.
An when you say you love me, is as good as life could ever be, don't you know I love
you so.

To have a life that we can share, to let you know how much I care, that's my destiny
To keep you safe from all harm, then To die in your armes, that's my destiny.
To give to you this hart of mine, to share a love that's so divine, means everything to me.
To give to you this hart of mine, to share a love that's so divine, that's my destiny.

that's my destiny.

My destiny.
