There is so much I want to say, to tell you how I feel
I love you more from day to day; you know my love is real.
The greatest moment in my life, was when I made you mine.
The moment you became my wife, you became my Valentine.

Lady, My Lady Valentine.
Do you know, You cause my sun to shine?
I'm so happy, that you are mine, Lady ,my lady Valentine.

I promise you have everything that I have to give.
I promise that I'll love you, as long as I may live.
I promise you will always be, forever on my mind.
And I promise you will always be, my lady Valentine.

Lady, My Lady Valentine.
Do you know, You cause my sun to shine?
I'm so happy you are mine, lady My Lady Valentine.

The Angels smiled the day we met, they knew I was alone.
One thing for sure I won't regret, when I made you my own.
You turned my darkness into light; you cause my sun to shine.
Now life for me will be just right, my Lady Valentine.

Lady, My Lady Valentine.
Do you know, You caused my sun to shine?
I'm so happy you are mine, lady My Lady Valentine.
